COUNCIL ADOPTS BUDGET TO GO BEFORE THE UNION

All Organizations Took Large Cuts in Estimates—Union Meeting Thursday or Friday—Ferguson and Haworth Puisse Judges

THE BUDGET

Estimated Revenue	
Surplus 1923-24	\$ 445.60
Fees 1924-25	\$4,375.00
Less Gateway Ap.	1,250.00
	3,125.00
	\$3,570.60
Allotment to Organizations	
Literary Association	\$ 564.00
Men's Athletics	1,799.00
Women's Athletics	138.00
Waunetas	619.00
General Fund	450.60
	\$3,570.60

The budget for 1924-25 was disposed of at one sitting at a very satisfactory meeting of the Students' Council held last evening, Thursday, October 16th, in the Arts Building. Considerable other business was dealt with, and a number of appointments were made to various positions under the Union.

Wm. Mueller was appointed as schedule man, C. K. Muir as fire chief, and F. A. Rudd as chairman of the Common Room Committee. Miss Dorothy Smith, vice-president of the Union, C. K. Muir, vice-president of the Athletic Association, and C. S. Campbell, secretary of the Literary Association, were selected as the three additional representatives from the Council to the Committee on Student Affairs. F. Harold Ferguson, a Junior in Science, and Geo. Haworth, a fourth year Medical student, were appointed as pousse judges of the Students' Court, and James Brown, B.A., a senior law student, as Union prosecutor.

Eric Cormack, the central check, was granted permission to take part in the inter-university track meet on Saturday.

The matter of better office accommodation for the Union officers was briefly discussed, and left over until the next meeting of the Council, pending further investigation and negotiation with the University authorities.

The budget was then introduced, and after a three-hour bombardment emerged with its feathers sadly plucked. The original budget submitted was about \$1,320 more than that possible with the money in hand. All the organizations then, with the exception of the Waunetas Society

TRACK ATHLETES READY FOR MEET

Representatives of Three Western Universities Arrive—Program of Events

With the track in excellent condition and ideal weather prevailing, a general smashing of records is expected at the fifth annual track meet of the W.C.I.A.U., to be held at Strathcona Park on Saturday. The visiting teams will have all arrived by Friday evening, and will be billeted in residence during their stay here. The Saskatchewan athletes arrived this morning, while the other teams will troop in at different times today.

Alberta Representatives
Alberta will be represented by the following men:
100 yards—Lundy, Russel.
220 yards—Lundy, McRae.
440 yards—Powell, Cutsonovich.
One half mile—Barker, Oke.
One mile—Cormack, Johns.
Three mile—Barker, Hargraves.
Shot put—Bright, MacLaren.
Discus—Bright, Rogers.
Hammer—Bright, MacLaren.
Javelin—Bright, Rogers.
Hurdles—Crawford, Stoner.
High jump—Crawford, Russel.
Running broad—Stoner, Russel.
Pole vault—Crawford.
Relay — Lundy, Russel, Powell, McRae.

Officials
Starter—G. R. Jackson.
Timers—Dr. Campbell, Mr. Morrison, Mr. Ash.
Field Judges—Dr. Sheldon, Dr. McLeod, Amateur Representative.
Track Judges—Dean Howes, Dr. MacEachran, Mr. West, The Saskatchewan, Manitoba and B.C. Representatives.
Scorers—Mr. Race, Mr. Drummond.
Referee—Dr. Hardy.
Clerk of Course—"Mike" Krause.
Announcer—Ross Cooper.

The first meeting of the Alumni Association of the University of Alberta for the year 1924-25 will be held in the Hudsonia on Saturday, October 25, at 1:15 p.m. sharp. Professor Sheldon, Honorary President, will address the meeting.

Alberta's Representatives

C. O. Osterland — "Cliff", this year's president of the Track Club, will lead the boys on the field Saturday against the invaders. The education Cliff got in Red Deer and its neighboring retreat for the insane must have been a good one, for he has starred as an all-round athlete ever since he arrived here four years ago. He journeyed to Saskatoon last year with the track team, and did good work there in the hurdles, jumps and weights. Last week he took the crown at the annual inter-faculty meet when he amassed a total of twenty-four points to win the grand aggregate. He will appear in the jumps, hurdles and weights, and if he doesn't make the easterners sit up and take notice, well—the torrid regions may as well look for a frost any time.

A. H. Bright—Aubs is the big boy on the Alberta team, not only in size, but also in point collecting. Breaking records is a daily habit of the Shiek's. After capturing all laurels in his home town of Macleod, he entered Varsity four years ago. Since then he has been a member of the U. of A. track team each year. Last year, at the Saskatoon meet, Aubrey established a Western University record in the discus, as well as winning the shot put and third place in the javelin. He took part in the provincial meet this summer and won the shot put and discus. He will be wearing the green and gold Saturday in the discus, shot put, javelin and hammer throw, and as habits are habits with Aubs, we expect to see several records shattered. Women and early rising are his only weaknesses, and outside of affirming that he won't be dictated to, he ought to be a big favorite in Saturday's meet.

HOLIDAY SATURDAY

An announcement has been made from the President's office that all lectures and laboratories have been suspended for Saturday, October 18th, on account of the Inter-Collegiate Track meet.

Eric Cormack—The genial Scot of our team comes from the University of Edinburgh, where he was as well known as Haig and Haig. Coming to Alberta last year with the reputation of being a member of the record holding one mile relay team along with E. H. Liddle, the running preacher of Olympic fame, Eric has lived up to all expectation, and has yet to be defeated in Canada in the half mile or mile. Eric was a member of last year's Varsity track team, and was second in the grand aggregate. He established new records in the half mile (2:04.2-5) and in the mile, 4:40.3-5. He has also taken part in provincial meets, and holds the Alberta record for the half mile at 2:03.2-5. Eric had the misfortune this summer to break a small bone in his ankle, and for the past two months has been canvalessing. On account of these injuries he will only be able to take part in the mile run, and with his old-time form should have little difficulty.

K. W. Bassett—Ken is the leader of the Gas City's string of athletes at the U. of A., and winning firsts with him is a mere pastime. With an illustrious record in High School sports, where he won the grand aggregate, Ken entered varsity in search of learning, and further firsts. This is his first year as a member of the U. of A. track team, and much is expected of him. He took part in the provincial meet this summer at Lethbridge, and outside of winning first place in the pole vault, high jump, broad jump, and third in the discus to give him the grand aggregate of the meet, he did very little. At present Ken holds the provincial record in the pole vault. He specializes in jumps, and will carry Varsity colors Saturday in the pole vault,

JUNIOR ELECTIONS TO BE HELD WEDNESDAY

Wednesday, October 22, is the day chosen by the Junior Class for the election of its new executive. Saturday, October 18, is the last day on which nominations will be accepted. This constituted the principal business of the meeting of the Junior Class, held last Wednesday. The present executive first brought forward their financial statement for the year now closing. This statement shows that the club has at present a favorable balance of \$108.

Election business was then proceeded with. It was explained that candidates are to be nominated for the positions of President, Vice-President, Secretary-Treasurer and the Executive Committee of four members. R. G. Brewer was appointed returning officer, and nominations will be received by Miss S. Kitley, D. P. MacDonald, or by the returning officer.

running high jump, running broad jump and the 120-yard hurdles.

Fred Russel is another of Medicine Hat's famous athletes, who will carry the green and gold on Saturday. Fred first became prominent in High School sports, where he specialized in the 100 and 220-yard dashes and the running high and running broad jumps. Winning the grand aggregate at the Normal school sports in Calgary last year, and winning the running broad and the hop step and jump at the provincial meet in Lethbridge this summer are some of his achievements. Though a Freshman this year, Fred demonstrated his ability at the inter-faculty track meet last Saturday, and will represent Alberta in the 100 and 220 dashes, relay, running broad and running high jumps.

H. W. Crawford — Yes, Hughie claims Medicine Hat as his home, too, where he first became prominent in High School sports by winning the aggregate at the annual meet. A broken knee has kept him out of sports for the past two years, but this year he returned with renewed vigor. Being addicted to Bernard McFadden publications, his comeback was forecasted success, and this was demonstrated at the inter-faculty track meet, where he tied for first place in the pole vault and running high jump. In the inter-varsity meet he is entered in the pole vault, high jump and hurdles.

Calvin MacRae is proud of the fact that he is from Edmonton, openly admitting it. Although he hails originally from Maple Creek, where he started the people with his speed in various track meets in Saskatchewan, Calvin has been a member of the track team for the past three years.

TENNIS RESULTS

In this morning's play Morty Watts and Miss Alexander defeated MacMillan and Miss Clarke, of Saskatchewan, 6-4, 6-4.
Rogers and Miss Folkins were defeated, 6-2, 6-0.

and is credited with doing the 100 yards in 10 flat. He will represent Alberta in the 220-yard dash and the relays.

Ken Rogers — The flaxen-haired member of the team, recently arrived from the Baltimore Polytechnic Institute, and has already become prominent for his athletic prowess. Ken also stars in Rugby, basketball and tennis, having won the provincial junior title this summer in the latter. In track events he specializes in hurling the javelin, at which he broke the Maryland record. He won this event at the inter-faculty track meet, and is entered for this event at the inter-varsity meet.

C. Hargrave is another of the Gas City's galaxy of stars, and specializes in distance running. He established a reputation by placing in the High School marathon at the Hat, and was second in the three mile at the inter-faculty meet. He will represent Alberta in the three mile run.

D. B. Lundy—A product of High School track teams in Edmonton, Lundy is the flash of the team, and while in High School had records for the 100 in 10.3-5 and the 220 in 22.4-5. At the inter-faculty track meet he won the 100 and 220, and will represent Alberta in these two events as well as the relay at the inter-varsity meet.

Stan Barker, being a local boy,
(Continued on page four)

SWIMMING MEET NEXT WEDNESDAY

To Take Form of Inter-Year Competition—Will Be Held at Y

The annual University swimming meet will be held this year in the Y.M.C.A. natatorium, on account of the early closing of the municipal pools. The date set is Wednesday, October 22nd, at 8:00 p.m. Official sanction of the A.A.U. has been obtained, and standard distances will be used.

Those in possession of the inside dope are anticipating some keen competition if the interest continues to grow at its present rate. Several of last year's stars are available and should make things snappy. Although the Freshmen are an uncertain quantity in the pool as yet, there are vague rumors floating about as to some dark whirlwinds among their number.

The meet this year is taking the form of an inter-year competition. All those interested in performing are urged to make their ability known to their year representatives, or by signing up on the bulletin board. Those who don't swim should come along and root for their team!

TO OUR VISITORS

The Gateway extends its heartiest welcome to the visiting athletes from our sister universities, British Columbia, Saskatchewan, Manitoba, and welcome the opportunity of showing them our hospitality. We hope to be able in a measure to repay the royal welcomes which have been tendered our visiting teams by their institutions in the past.

The track meet, as one of the most successful forms of inter-university sport, should do much to promote the spirit of good fellowship already extant among the four western universities.

The good wishes of all Alberta students are with our visitors, to whom we extend the freedom of the University.

SASKATCHEWAN TO FIELD STRONG TEAM

U.B.C. Sending Six Stars—No Word From Manitoba—Jack Buchanan Here

From accounts appearing in the Saskatoon papers, the University of Saskatchewan are sending the most formidable array of stars that have ever represented that institution in a field meet. Ten athletes comprise the group, and in addition Coach Joe Griffiths and Professor Gordon. In their inter-faculty track meet last Saturday they bettered Alberta's records in all but three events, and as a result they are full of confidence.

Leading the team will be H. Nickolson, who won the aggregate at the inter-faculty track meet, and he is the outstanding star of the University in the weights, specializing in the discus, shot put and hammer throw. Madden, Warren and Nickolson are entered in the sprints, with Warren and Madden upholding Saskatchewan's end in the quarter mile. In the javelin throw they have two brothers entered, F. J. and W. Sioiniski, who took first and second places in the meet last year. Reg. Young and Bud Potter will look after the hurdles, and in the distance events they will have three star performers in Douglas, Potter and Stark. Douglas is entered in the half and three mile, Stark in the mile and three mile, and Potter will run the mile. The jumps have been placed entirely in the hands of Hutchison, who is entered in the running broad, running high and pole vault. The relay will be run by Nicholson, Warren, Young and Madden, each running 220 yards of the half.

The University of B.C. are sending only six athletes, but all are rated as high-class performers. Warren and Thompson are the flashes, and will run the century, 220 and 440 yard dashes. Mattley and Buckley are entered in the half and three mile events, Ramsell, the husky boy of the team, will put the shot, throw the hammer and javelin, and Henry will look after the jumps, being entered in the running broad, running high and pole vault. In the relay they will have Warren, Thompson, Henry and Buckley. Last year was B.C.'s first attempt in the Western Universities meet, and after a successful start are returning with renewed enthusiasm.

Little is known of Manitoba's entrants, but they have won for many years past, so can be counted upon as strong contenders. It is known, however, that Wedinall, their crack long distance runner, will not be entered this year. The team will be made up of the following: Asseltine, McLeod, Murray, Cohen, Nielson, Erickson, Addlasson, Lawson, Graham, Halpenny and Kennedy. The last named is also manager.

Jack Buchanan, former Alberta trainer, is accompanying the U.B.C. boys. He will receive a warm welcome from the Alberta athletes.

FULL PROGRAM FOR VISITING ATHLETES

Mr. Brunton, chairman of the Social Directorate, promises a full and attractive social program for the members of the other three universities who are guests of Alberta during the inter-university track meet and tennis tournament.

On Friday afternoon, at 3:30, the girls will entertain the visiting members at a tea, given in Pembina.

On Friday evening pleasure will be forsaken for business when the Executive of the W.C.I.A.U. will hold their annual meeting and elect officers for the ensuing year. A dinner will be tendered the visiting teams on Saturday evening, followed by the usual informal dance. Mr. Brunton, Miss Manning and Mr. C. H. Richter, the three members of the Social Directorate, have been exerting every effort to make the stay of Alberta's guests a pleasant one, and from all appearances their efforts should succeed to the full.

ATHLETIC UNION OFFICIALS MEET

W.C.I.A.U. to Elect New Executive—Four Alberta Representatives to be at Meeting

IMPORTANT BUSINESS

Will Alberta Co-eds Affiliate With Union?—B.C.'s Entry to be Considered

The track meet next Saturday, held under the auspices of the Western Canadian Intercollegiate Athletic Union, will give an opportunity for the annual conclave of the officials of the latter body, who will elect officers and consider various items of business during their week-end stay here.

The Western Canadian Intercollegiate Athletic Union, popularly known as the W.C.I.A.U., was first organized in 1919, for the "encouragement of systematic physical exercise and the supervision and control of all Western Canadian Intercollegiate Athletics." Since 1919 five executives have held office, the last one, functioning for 1923-24, consisting of Mr. Rigby, of Winnipeg, honorary president; Mr. W. P. MacLean and Mr. Russel Potter, of Saskatchewan, president and secretary-treasurer respectively, and Messrs. Cormack of Alberta and Brock of Winnipeg, corresponding secretaries.

Changes in Constitution
At the meeting of this Executive, held in Saskatoon last fall, some interesting amendments were made to the constitution of the Union. Some of these have been noted here.

That athletes competing in intervarsity sports must be successful in three-fifths of their classes is the provision made by Sec. 11 (a) of the Constitution. This clause was amended so that now "where a course consists of four subjects (as in the University of Alberta) a student must pass at least two subjects, or if he does not pass in two subjects he must have an average of sixty per cent. on his whole examinations," to compete in the meet.

Since the advent of British Columbia into the Union, one-fourth of the gate receipts go to the home directorate; the other three-fourths are divided among the competitors according to the mileage travelled.

Furthermore, at this meeting, educational activities were ruled as subject to the rules of the Constitution of the W.C.I.A.U. The Alberta Women's Athletic Association, however, has held aloof from the W.C.

(Continued on page 4)

FROSH MAKE EARLY START ON FEES

Will Start Collection Before Christmas—Fee of \$1.00 For Those Not Attending Reception

In his opening remarks at the Freshmen meeting, held in Convocation Hall on Wednesday, October 15, Mr. Levey, the president of the Students' Union, explained that the main object of the meeting was to settle the matter of the class fees for the year.

The custom has been in former years for the Freshmen to pay their fees after they organized at Christmas, but Mr. Levey pointed out that this delay has always been a stumbling block in the path of the class executive when they were elected during the winter, for many students who would have found it easy to pay early in the fall were unable to do so after Christmas. Therefore Mr. Levey suggested that it would be best to decide to pay the fees now.

After some discussion it was moved and carried that the class fees, which were formerly \$2.50, should be \$1.00 for those who do not wish to attend the Sophomore and Freshmen receptions, and \$2.50 for those who desire invitations to both these affairs.

All Freshmen were advised to pay their dues at once either to Mr. P. Davies, treasurer of the Students' Union, at the office of the Central Check, in the S.E. corner of the Arts Building, or to Miss Grace Studholme, president of the Waunetas Society.

GATEWAY MEETING

The following new students are requested to attend a meeting called by the Editor-in-Chief of The Gateway for Monday at 4:30 in The Gateway office, 151 Arts:
Forbes, McClintock, Leech, Malmberg, Brown, Wershof, Young, Lowry, Hilliker, Cameron, Pekarsky, Lyle, Young C., Willis, Fraser G., McDougall, Richardson, Van Buren, Branner, Borrowman, Hisslop, Fraser J., Attwell, Little, Jones, Clark R., Freeman, Fuog, Barrand, Shemeluck, Clark Jos., Richardson, Bentley, Haureliak, Evoy, Leprud.

Circulation Manager.....Anna Wilson

THE TRACK MEET

After the lapse of three years, Alberta will once again have the opportunity, not only to see an inter-university track meet, but also to repay to the representatives of Saskatchewan and Manitoba the hospitality which has been tendered to our university teams of the past few years by these universities.

It is a tribute to the past Executives of the Western Canada Intercollegiate Athletic Union that, despite the difficulties of widely separated universities with the accompanying expensive travelling costs of teams, the organization still grows in strength and popularity. Furthermore, of all the inter-university competitions the track meet, bringing together, as it does, the three universities, has the strongest appeal among inter-university sports.

If the entry of the University of British Columbia into the W.C.I.A.U. can be satisfactorily arranged at the coming meeting of the Executive Friday evening, their advent will further strengthen the bonds of fellowship among the western universities. However, whether B.C.'s entry can be effected or not, Alberta students will welcome the competition of their athletes who, according to records made at their recent trials, will provide some real treats in the way of track activities.

A LITERARY SUPPLEMENT

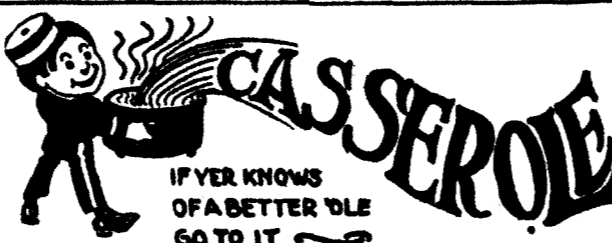

A weekly university paper has always faced a problem in regard to the nature of the material which should fill its columns. It has the choice of becoming a newspaper by placing greatest importance upon its news pages, or by placing greater stress on its literary contributions, becoming more in the nature of a magazine. As the former, its sphere of usefulness is limited because of the fact that most of the news which it is able to publish has become stale before the date of publication. Despite this fact, however, it is absolutely essential that there be a news medium within the university. At the same time, however, one of the most important functions of a university paper should be to encourage the development of literary talent among the students. With the rush necessary to get out a weekly issue, little time can be given to this side of the work. A compromise which is finding great favor among eastern university papers is the literary supplement, which is published at intervals of two, three or four weeks in conjunction with the regular numbers. The Gateway had hopes of being able to finance four such supplements throughout the term, but a glance at this year's budget almost shattered any hopes which the staff might have had in this regard. If two supplements were published it would be necessary to cut out two of the regular issues. The Gateway would like to hear an expression of opinion from its readers as to the advisability of such a proposition.

The following editorial from the "McGill Daily" of October 9th should be of interest in this connection:

"With this issue of the Daily appears the initial number of the Literary Supplement. In entering upon the venture McGill has advanced still further in the direction of true education, in fostering and encouraging individual efforts in this direction. While it is necessary that it be a financial success, its main purpose, and indeed the only one which would justify its existence, is that students who have inclinations along literary lines, and who feel they have something interesting and worth while saying may have a medium of expression. If only one student should find his bent in endeavour of this kind, and bring credit to his Alma Mater, the effort will have been worth while. For, if we look backward we discover that some of the greatest authors and poets of the last century received their start and inspiration from such a work as this. The great majority of college literary magazines soon died out. We find, especially in England, that in order to keep their little sheets going students sacrificed many of the good things of life. They loved their work, they wished to give to the world something new, and the fact that few of the ventures succeeded is of no account, but only the fact that from this a few did go out into the world, some of our greatest English and American poets and writers, and gave to the world invaluable work of art. It is to be hoped that the Literary Supplement will serve such a purpose.

"Our Canadian and American colleges have been leaning too much to the vocational side; the cultural has been lacking. As Sir Arthur Currie intimated at the special convocation, James McGill's idea was only harmonization of the practical and cultural education of both mind and heart. University education should not be the standardized production of a certain number of degrees in this and that field, but it is there that the student should receive the vision that lifts him out of the average. For, after all, if there be such a thing as progress, it is effected only by means of great individuals, by men of ideals; the average only follow. The guiding and encouraging of the creative instinct is a prime necessity.

"Too many of the present day college supplementaries are merely crude attempts at a questionable kind of humour. The language and diction is in a great many cases ordinary slang and colloquialisms. They encourage nothing good, and are but for the present. In many college papers also we find that the language, titles, and stories are not of the best English. A University should, in this respect, be above criticism, in a decade when the tendency is in the opposite direction. The use of slang expressions,

Photographer: "Watch the camera, and you'll see a pretty little dicky bird come out."
Modern Child: "Oh, don't be an ass; expose the plate and let's get this thing over."

"Your friend, Helen, looks like a brilliant girl. I suppose she knows practically everything."
"Don't be absurd; she doesn't even suspect anything."

Tommy: "I approve of pictures in the nude."
Golly: "How come? How come?"
Tommy: "Can't help it; I was born that way."

Gener: "The rouge is rather thick on your cheeks."
Phyllis: "Well, you don't have to rub it in."

Bill Gross, who recently joined the Glee Club, was trying to sing in his room the other night, when a shower of rotten apples came through the window. His efforts were not altogether fruitless.

Hep. Alys: "Why do they call them dizzy blondes?"

Patt: "Because they are light-headed, I guess."

At the Faculty Table

Weir: "Well, Washington won."
Macdonald: "Is that so? I guess that's the end of Dempsey then."

Patton: "Are you in favor of the Fordney Tariff?"
Strickland: "I don't know that one. I'm studying the house-fly just now."

Drummond: "What do you think of Herriot?"
Matthews: "Great. He's playing snap-back now."

After "Toughy" Fraser had spent an hour by error in a third year law lecture on Equity of Redemption, he thought it was the worst part of his initiation.

Use L. Meters Hairine. Removes baldness, leaving the hair.
Meter's Vaseline is guaranteed. Takes all the heat out of burns, leaving only cold sores.

Casserole is not supposed to be a solo. In order to make it worth reading, everyone should contribute. Leave your "stuff" in The Gateway box every week, and we'll make this casserole contain some real hash.

Scene: A couple car riding.
He: "My clutch is very weak."
She: "So I've noticed."

"The Secret of Popularity" or "Why Co-eds Fall for Me," is the title of Vic Weir's new book.

Prof. Rowan (in biology): "We will discuss this morning the subject of wading birds. Of these the stork is the best known."

Freshette: "Oh, but Professor. The idea of there being any storks!"

"Say, Jean, can I come over tonight?"
"Sure, Jack, come on over."
"But this isn't Jack."
"Well, this isn't Jean either."

Chief Justice Bryan: "You are sentenced to hang by the neck until you are dead."
Culprit: "Judge, I believe you are stringing me."

The French Club will discuss the interpretation of "Avoirdupois," meaning "Have some peas."

Ain't It the Truth?

Getting out a paper is no picnic.
If we print jokes, we are silly.
If we don't, we are too serious.
If we publish original matter, they say we lack variety.
If we publish things from other papers, we are too lazy to write.
If we stay on the job, we ought to be rustling news.
If we are rustling news, we are not attending to business in our own department.
If we don't print contributions, we don't show proper appreciation.
If we print them the paper is filled with junk.
Getting Out a Paper Is No Picnic.
Like as not somebody will say we swiped this from an exchange.
So we did.

deliberate grammatical fallacies, and rank jargon, should be foreign to the vocabulary of a university student.

"While it is not always possible to keep this standard as high as might be in college dailies, due to changing staffs, the literary excellence of the Supplement is above the average. Some of the best students of McGill are giving of these best to it, eminent writers are contributing, it is without doubt interesting, and it is therefore deserving of every support. If students realize this the Literary Supplement will become an instrument of power and influence."

APROPOS

It is to be hoped that a good crowd will be present tomorrow at Strathcona Park to give support to the track teams.

After a short but strenuous battle the budget is ready for presentation to the Union. The organizations all showed a commendable willingness to cut their estimates when it was shown to be necessary. The good spirit prevailing throughout the meeting augurs well for the success of Union activities this year.

It is the intention to publish in the next issue of The Gateway a full explanation of the budget, in order that every student may go to the Union meeting Thursday or Friday prepared for an intelligent discussion of this very important item of business.

PROFESSOR MARKER
HEARD ON DAIRYING

Progress of Important Agricultural Industry Traced at Meeting of Philosophical Society

The Philosophical Society held its first members' meeting for the session on Wednesday, October 15th, at 5:00 p.m. in Room 135 Arts. Dean Kerr, who presided, said the society would be pleased to have more student members. C. K. Johns was elected student representative on the executive. The speaker of the afternoon, Professor Marker, gave an interesting paper on "Dairying in Alberta."

The speaker traced the growth and changes in organization in the dairy industry of Alberta. In 1864 the Rev. J. McDougall brought the first four dairy cows into this province. Butter factories were established in 1894. These were not very successful. When the Dominion Government voted an appropriation in 1896, to help farmers in the North-West Territories, the money was advanced as loans to associations of farmers who would re-establish factories which had closed down, or would acquire new ones. The government would manage the plants until they were on a sound financial basis. This was the first attempt to operate Farmers' Cooperative creameries.

The surplus product of the creameries was increasing. Markets had to be sought. Japan became a regular customer. The opening of the Crow's Nest Pass and the granting of special rates were of great advantage to those engaged in dairying; the Kootenay country was opened as a market for their products.

In 1906 the Provincial Government took over the creameries formerly under the control of the Dominion Government. To maintain and extend their outside market a good quality of butter must be manufactured. Hence dairymen in convention saw the advisability of putting the marketing of the farmers' cream on a quality basis. This was done in May, 1910, and almost immediately there was a decided increase in the quantity of high-grade cream brought to the factories. The creameries were giving attention to the manufacture of the export type of butter. By 1916 eighty per cent. of these had put in pasteurising equipment in order to ensure the keeping quality of the summer surplus.

The war brought an increased demand for dairy products, and an accompanying deterioration in quality. In 1921 the highest grade of butter had almost disappeared. Manufacturers considered the matter, and agreed to substitute their decentralized system of buying and testing cream for a centralized and standardized one, under government control; the government was to appoint the graders to work in their factories. By this means the farmer gets a fair test and a fair grade, and the manufacturer a higher grade product.

Dairy conventions have done much to solve the problems and promote the growth of the industry. That this is of importance to the province can be realized if one considers that the annual value of Alberta's dairy products is now \$25,000,000.

The next meeting of the Philosophical Society will be held in Convocation Hall on October 29th, at 8:15 p.m. J. B. Collip, Ph.D., D.Sc., will lecture on "Present Tendencies in Medical Research."

MED GRADUATES
TO RECEIVE BOON

Beginning Next Spring, Dominion Medical Council Exam. Can Be Written Here

There was great applause when Dr. Revell announced to the Med Club at their last meeting that, beginning next spring the Dominion Medical Council examinations can be written in Edmonton.

This will be a great boon to the medical students graduating here, for before it was necessary to go to either Vancouver or Winnipeg to write these examinations, which entailed not only a loss of time, but meant that candidates underwent the disadvantage of being examined under unfamiliar circumstances.

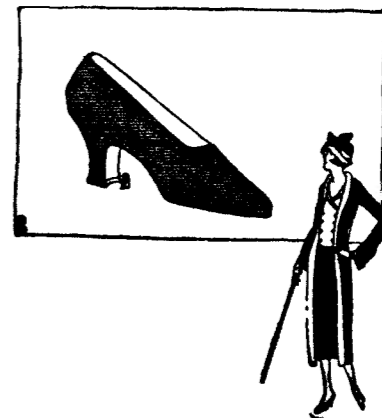

The importance of passing this Council is of the very greatest, since it entitles a graduate to practice in any province in Canada.

"PSYCHOLOGY OF PUBLIC SPEAKING," DR. MACDONALD'S SUBJECT

The Debating Society is holding its first meeting on Monday next, at 4:30, in Room 248 Arts. The speaker for the occasion will be Dr. Macdonald, who will take as his topic, "The Psychology of Public Speaking." Not only does this promise to be of great interest, but also it offers a great deal in the way of useful information to the student who plans to train himself or herself to take an active part in student affairs, and later on in the world outside. This is something that no one can afford to miss.

This session promises to provide abundant opportunities for oratorical effort upon the part of the junior students, due to the fact that our strongest debaters are all working hard in preparation for the coming debate with Oxford. As it will take some time in the ordinary course of events for the executive to become acquainted with prospective debaters, the executive would be glad if those interested would make themselves known after next Monday's meeting.

Subjects for the Inter-varsity debate must be submitted before the end of the month, and any ideas or suggestions will be gladly received.

THE NEW YALE

Makes it easy for you to be up-to-the-minute in your footwear requirements. The newest styles, the guaranteed quality of our shoes, the moderate prices, and our earnest endeavor to see that you are properly fitted, is making the NEW YALE the most popular shoe store in Edmonton.

McDOUGALL CHURCH
TO WELCOME STUDENTS

One of the most pleasant overtown events after the re-opening of the University is the annual welcome to students at McDougall Methodist Church. This year it takes place on Monday, October 20th, and will be a jolly informal evening, during which students will have an opportunity of becoming acquainted with each other. On the preceding Sunday evening the service will be especially for students.

SELECTION SOON FOR
RHODES SCHOLARSHIP

Interest is again centred in the Rhodes Scholarships as the time draws near for the committee to make its annual selection. All applications must be in Monday, October 20th, and the selection will take place shortly after that. It is known that at least six men from the University are putting in applications. The committee consists of Lieut.-Governor Brett, the Hon. Perrin Baker, Minister of Education; Chief Justice Harvey, Chancellor Stuart, President Tory, Professor Burt, and Mr. D. S. MacKenzie, secretary.

DEVELOPMENTS IN IDEA WORLD PEACE

Professor Burt Outlines These to
Convocation Audience—New
Protocol Significant

The speaker at Convocation Hall
last Sunday was Professor Burt, who
delivered an excellent address on the
League of Nations.

The first assembly of the League
met in 1920, the speaker said, and
an Assembly has been held every year
since then. The third and fourth
Assemblies did excellent work, but
the fifth Assembly, which met this
year, is even more memorable.

By the Treaty of Versailles the
defeated powers were forced to carry
out a program of disarmament, which
was to be general, later on, among
all the nations. But the work of a
general disarmament was seen to be
too big for military experts to handle,
and a body was formed to deal with
the question. A treaty of mutual
assistance was finally drawn up by
this body and presented to the fourth
Assembly. This Assembly had the
treaty circulated among the powers,
that they might examine it closely,
and see if, in their estimation, it
would achieve the end sought. It
guaranteed military aid if a state
were attacked, in return for general
disarmament, under the leadership of
the Council of the League.

There seemed to be several serious
objections to the treaty, and the
world was divided in their views of
it. One of the most serious objec-
tions to it was that it threatened to
raise the Council of the League into a
sort of super-state, that might, in
turn, wreck the League.

When the fifth Assembly met,
Ramsay MacDonald stated that Brit-
tain was willing to submit all quar-
rels to arbitration. The French Pres-
ident, Herriot, went a step further
and said the door was open for Ger-
many to enter the League. On the
basis of these two speeches a pro-
tocol was proposed, which provides
for compulsory arbitration of dis-
putes. It also lays down certain de-
militarized zones, so that an ag-
gressor is now defined as one who
violates such a zone, thus overcom-
ing an objection to the treaty pro-
posed by the fourth Assembly. It
also calls for a disarmament confer-
ence to be held next June.

The weak spot in the protocol was
pointed out by Japan as the defini-
tion of an aggressor as one who
would not abide by the decision of
the Court at the Hague as to whether
the quarrel was domestic or
international, so it was amended ac-
cordingly. The greatest danger in
the situation today is unstable public
opinion. Warm hearts and cool
heads are needed if we would accom-
plish the Kingdom of God on this
earth.

WARM WELCOME FOR FRESHETTES

Girls S.C.M. Holds Reception in
Their Honor—Three Dis-
cussion Groups Arranged

This year's crop of freshettes are
certainly being royally welcomed.
The last of a long series of recep-
tions in their honor was held in Con-
vocation Hall, Tuesday night, in the
form of a "kid party" under the
auspices of the girls' S.C.M.

Dutch boys, sailors and pink and
blue ginghamed little girls danced
and played "farmer's in his den,"
"three deep" and other childish
games. A dainty supper of sand-
wiches, cake, lemonade, and all-day
suckers was served at the close of the
frolic by the committee in charge.

Before breaking up, Miss Olive
Hawe, retiring President of the
S.C.M., spoke shortly about the aim
and purpose of the society: "To form
a centre for the college girl in which
to relate and balance all her other
activities; to provide a co-ordination
for the four-fold sides of her life,
social, intellectual, religious and
athletic."

Miss Mamie Silverthorn, this year's
president, welcomed the new girls,
and outlined the program of the
coming year.

Miss Katie McCrimmon with
Freshettes, Miss Olive Hawe with
Senior Students, and Miss Deadman
with Juniors and Sophs, will form
three discussion groups.

The meetings will be held at Mrs.
Sheldon's, who has kindly lent her
home for the purpose, every Thurs-
day afternoon from 4:45 to 6.

GLEE CLUB MAKES START ON SEASON'S PROGRAM

The first meeting of the Glee Club
last Tuesday found nearly all of last
year's members on deck, and also a
wealth of new material to fill the
gaps created by the graduation of a
number of the "old reliables."

In opening the meeting, C. K.
Johns, the president, welcomed all
those present for the first time, and
expressed the hope that the members
this year would enjoy the practices
as thoroughly as they did last year.
He also paid a tribute to the pains-
taking work of Mr. Nichols, and
pointed out that in such an organiza-
tion everything depended upon hav-
ing the right man for leader. The
club greatly appreciated his efforts
last year, and are grateful to him for
his willingness to carry on again this
year.

Mr. Nichols, after denying with his
customary modesty that he was at all
responsible for the Glee Club's suc-
cess last year, then took over the
meeting, and the hour was spent in
practising unison songs and rounds,
as practise in note-reading. It is
hoped that all who intend joining the
Glee Club will do so next Tuesday,
in order that they will not be too far
behind the others and become dis-
couraged. The meetings are held in
Room 158 Medical Building every
Tuesday evening at 7:15, and all are
welcome.

VARISITY'S RUGBY PROSPECTS IMPROVE

Winners of Calgary-Edmonton
Tangle Up Against Tough
Proposition in Varsity
Line

Varsity, judging from the prac-
tices, has the makings of a really
strong rugby team in the thirty odd
pigskin chasers that are being
groomed up by Coach Jimmy Bill to
carry the green and gold in the com-
ing struggle with the winner of the
Calgary-Edmonton tangle.

The match is set for Saturday,
October 25, and the two Varsity
squads are out daily now in prepa-
ration for the battle. One or two
practise scrimmages have been held
already, but were so short that little
can as yet be said about the develop-
ment of new outstanding tacklers or
line busters.

Meanwhile Coach Bill is pounding
the Senior squad all over the playing
field until all the members of the
team obey the signals faultlessly and
the team moves like a machine.

The Senior team looks deceptively
light in the front line, to the average
onlooker, but is in fact quite as heavy
as the battling line of last year. The
absence of "Chief" Davis, former out-
side wing, who is now playing for
the Calgary 50th Battalion, is very
noticeable here, for the tackling
demon is a hard man to replace, but
the return of Bissett, who played out-
side on the other wing, has improved
matters greatly, and it is probable
that either MacDonald or Muchmore
will hold the vacant position.

Muchmore is an experienced play-
er from the neighboring prairie
province, and has played in two
junior Saskatchewan outfits that cap-
tured championships. If he can stand
up to the pace of Senior rugby, he
will be a very valuable man. On the
other hand, MacDonald, who will
compete with him, played outside on
the Arts faculty team last fall, and
showed that he was a tackler of no
mean calibre.

Much will depend upon the wings
this year, as it is not yet known how
well the line plungers will make out.
Winch, who was the best plunger on
the team last year, is now studying
in an eastern university, and is very
much missed. However, it is hoped
that some of the new blood intro-
duced this fall will fill his position.

Piper, the football phenom of
South Calgary, is just now holding
down a job as half back with Back-
man as mate. In the line-up as it
was in the last practise turn-out,
MacDonald was left outside, Potter
left middle, Terry Agnew inside left,
O'Brien, a freshman, centre, Stewart
inside right, Red McLaren, right
middle, Muchmore outside right. Ross
Henderson was quarter.

This is, however, nothing like a
permanent line-up according to Coach
Bill, and in the final there will have
to be made room for Bissett and
Selnes in the front line; either Joe
O'Brien, who played last year, or
Clarence Laverty will probably take
centre; Ross Henderson may continue
as quarter or may go to the back-
field where he played last year. If
he moves back he will have Ken
Rogers as side kick, a man who has
just come up to the University from
the Baltimore Tech., where he made
the team in American rugby. Halves
will probably stay the same as in
the last practise line up; and room
will be found somewhere for Sid
Stephens.

The kicker of the team will be
Ross Henderson, who has been doing
some fancy punting lately, and who
can make the pill do in mid-air most
anything he pleases.

FACULTY RUGBY TO START GAMES SOON

Four Faculty Teams Are Prac-
tising Every Night—Good
Series Expected

While the Senior Rugby team is
occupying the central portion of the
spotlight in rugby circles at the
present time, the work of the en-
thusiastic rookies trying out for
places on the inter-faculty teams
cannot be overlooked. Each evening
the campus in front of Athabasca
and Assiniboia is dotted with newcomers
eager to learn the fine points of fall-
ing on the ball and kicking the elu-
sive pigskin. From early season en-
thusiasm already evidenced the Inter-
Faculty League seems certain to
meet with the success of former
years.

The league, as formerly, will con-
sist of four combined teams: Com-
Law, Agsci, Medent and Arts. The
teams are already hard at it, and
with the preliminaries about over will
soon be down to signals. Mike
Krause, president of rugby, is at
present occupied chiefly with the
Senior team, but stated that a meet-
ing of representatives of the four
teams will be held soon, and a sched-
ule drawn up.

The Com-Law team, winners of
last year's championship, are now
hard at it, and will make a deter-
mined effort to repeat. Many of last
year's team have left or been elu-
ated to senior ranks, but they still
have a few of last year's regulars
around which to build a team.
Sprung, who starred at half-back last
year, is certain of his old position;
Cairns, he of the judicial appearance
and also star end of last year's win-
ning aggregation, will be out again,
and with his experience ought to be
a big help to the rookies. Glass and
MacDonald, of last year's team, have
also signified their intention of re-
turning. The newcomers to the team
are "Shiek" Bright, who repeatedly
fell for yards two years ago for the
Arts team, inter-faculty winners of
that year; Gross, Killam, Neilsen,
English, Harrison, Van Buren, Boyle
and Newson. Manager Gale, when
interviewed today, was highly en-

FORMER VARSITY MAN DIES IN NEW YORK

Trevor Clarry Fatally Injured in
Automobile Accident

CALGARY, Oct. 11.—Word was
received here Saturday of the death
in New York of Trevor Clarry, only
son of L. F. Clarry, master-in-
chambers in Calgary, and Mrs.
Clarry.

The late Mr. Clarry was injured
in an auto accident in July, and last
Wednesday his parents received word
that he was sinking, and left im-
mediately for New York.

Deceased was twenty-one years of
age, and was educated in Western
Canada college and Central college
here, and took one year in the Uni-
versity of Alberta. A year ago he
went to New York to take a course at
Columbia University.

Besides his parents, a sister, Helen,
survives him. Interment will take
place at Milbrook, Ont.

thusiastic over prospects, but states
that there is still plenty of room for
newcomers.

The Agsci team, under the leader-
ship of Mel Gale, appear to have it
over the other teams in weight, but
lack experience. Practically a whole
new team will have to be built up,
but the squad has the enthusiasm of
beginners, and under Mel Gale should
rapidly round into shape. Among the
most likely looking men trying out
for places are Howes, Keer, Morris-
son, MacIntyre, Hargraves, Stanton,
Kemp, Kindt, Grindley and Lewis.

The Arts team, after last year's
experience, loom up as dangerous
contenders, and under Jack Lehman
should develop a squad of champion-
ship calibre. Many of last year's
team are back, and with eighteen out
to the first practice the prospects
look bright. Among those trying out
for places are McDonald of last year's
Law-Com team, Hewelcke, McKenzie,
Primrose, Malcomson, Hyslop, Large,
Irwin, Frohman, Kelley and Branner.

The Medents, last year's runners-
up, appear on paper to have the
strongest team. Last year's team is
almost intact, and about twenty-four
responded to the call for first prac-
tice. Last year's regulars raring to
go again include Nix, McLean,
Flater, Rosenthal, Brown, Smith and
Davies. The newcomers include Hal-
liday, Hunt, Gowda, Kane Lloyd,
Watts, McKenzie, Gerrie, Bradley,
Nixon and Christie. Manager Flater
is enthusiastic over prospects, and
can see nothing but the stiff lab per-
formers bringing home the silver-
ware.

MEDICAL SERVICES UNIVERSITY OF ALBERTA

The Medical Services of the University of
Alberta are maintained by a trust fund made
up solely of the aggregate of the students' in-
dividual fees of Five Dollars (\$5.00) col-
lected by the Bursar at the time of regis-
tration. This trust fund is administered
by the Medical Service Committee, consist-
ing of the President of the University, the
Provost, the Director of Medical Services,
and the President of the Students' Union.

The object of the Medical Services is to
provide students, during the University ses-
sion, with treatment for acute illness or
accident, as hereinafter provided. For this
purpose an Infirmary, presided over by a
Resident House Physician and a trained
nurse, has been established in Athabasca
Hall. In the event of surgical or other
special treatment being required patients
will be transferred from the Infirmary to
the University Hospital at the discretion of
the Director of Medical Services. Students
in residence developing contagious diseases
will be transferred to the City Isolation
Hospital. For students requiring treatment
of minor disorders the Director of Medical
Services will hold consulting hours at the
University Hospital every week-day at 4
p.m., excepting Saturday, when the hour
will be 11:30 a.m.

Owing to the small fee charged and the
amount of acute illness that may occur, it
must be understood that the Medical Ser-
vices are not calculated to offer treatment
for disabilities not directly attributable to
ordinary causes incidental to student life.
Treatment of old, constitutional, congenital,
or hereditary diseases cannot be under-
taken.

As the funds devoted to the mainte-
nance of the Medical Services are furnished
entirely by the students, under the authority
of the Students' Union, it is the duty of
the Director of Medical Services to see that
these funds are at all times administered as
efficiently and economically as possible in
order to avoid deficits.

Should any disagreement arise between
a student's claim for treatment and the
ruling of the Director of Medical Services,
the latter may at his discretion place the
matter before the Medical Service Com-
mittee for a decision.

Methods of Treating Acute Illnesses or Accidents

When a student is taken acutely ill or
suffers from accident as hereinafter stated,
the Infirmary in Athabasca Hall (Phone
31765) should be notified. The House
Physician or nurse will decide whether or
not the case is one requiring treatment in
the Infirmary. Ordinary medical treatment
and imperative minor surgery and dressings
may be undertaken there. If, however, the
case is one requiring extraordinary hospi-
talization, the Director of Medical Services
will arrange to have the patient admitted
to the University Hospital or Isolation Hos-
pital, as the case may be.

In cases of such major importance as to
require the use of operating room, anaes-
thesia and X-Rays, the Medical Services
will not be responsible for these, nor for
the surgeon's or specialist's fees that may
be charged for operative or special treat-
ment.

The Medical Services will, on authoriza-
tion by the Director of Medical Services,
assume responsibility for hospital charges
equivalent to public ward maintenance of
\$2.50 per day. The student himself is to
assume responsibility for further accom-
modation such as semi-private wards,
special nursing, etc. It is to be under-
stood, however, that the Medical Services
will not be responsible for any hospitaliza-
tion exceeding a period of one month.

Arrangements have been made with the
Chiefs of Services of the University Hospi-
tal for a definite schedule of operating
fees for students.

Students wishing to have surgeons, phy-
sicians, specialists or hospital accommo-
dation of their own choice must assume
all financial responsibility themselves.

Students wishing to avail themselves of
any specialist's opinion are particularly
cautioned not to expect the financial re-
sponsibility of such to be undertaken by
the Medical Services except upon the writ-
ten authority of the Director of Medical
Services. Specialists are also cautioned
against expecting payment of their fees by
the Medical Services unless upon the writ-
ten authority of the Director of Medical
Services.

Students desiring specialist's opinions
may be fairly assured of minimum fees
being charged when the proper method of
procedure is followed.

Students are also cautioned against
neglecting their credit claims for sick ab-
sences beyond the specified time of one
week, as indicated in the University Calen-
dar. In order to obtain the counter-signa-
ture of the Director of Medical Services,
required by regulation to cover these credits,
a student who has been absent from lec-
tures on account of any disability, must
adhere to this regulation, as any claim for
credits will otherwise lapse automatically.

Any students suffering from a chronic
disability likely to interfere with regular
attendance at classes, such as eye trouble,
nose bleeds, indigestion, etc., are particu-
larly warned against expecting the Direc-
tor of Medical Services to vouch for the
authenticity of such repeated absences as
the student may, in his own opinion, be
justified in taking.

X-Rays and Special Laboratory Tests
Arrangements have been made with the
University whereby students will be able,
on written authority of the Director of

Medical Services, to obtain the advantage
of minimum charges in respect to all X-Ray
examinations or special laboratory tests. In
any case, however, the Medical Services
will not be responsible for the payment of
such charges.

For the information of the students seek-
ing treatment under the Medical Services,
the following category of disabilities is ap-
proved as being provided by the Medical
Services. While the Director of Medical
Services, at his discretion, may give an
opinion on any such disabilities when
brought to his notice, the Medical Services
definitely refuse to become responsible for
the treatment of such.

- (a) Hereditary diseases, congenital dis-
eases, malformations, or deformities.
- (b) Chronic diseases originating before
student was admitted to the University.
- (c) Acute or chronic diseases originat-
ing during University vacation.
- (d) Accidents occurring as the result of
hazing or students' pranks or pastimes
which are not recognized as legitimate stu-
dent activities by the University authori-
ties.
- (e) Venereal diseases.
- (f) Errors of refraction or any other disar-
der of the eyes not attributable to acci-
dent or acute illness during the session.
- (g) Chronic deafness or chronic diseases
of the middle ear.
- (h) Nasal obstruction due to chronic
inflammation of hypertrophy of nasal
mucous membrane or due to bony defects
not attributable to accident during session.
- (i) Antrum or sinus disease.
- (j) Chronic disease of tonsils.
- (k) Disease or malformation of teeth.

ALBERTA COLLEGE

The annual reception to the Alberta College Freshmen and Freshettes was held on Wednesday evening, October 15. An excellent program was opened with an orchestra selection. Dr. Tuttle was then called upon to give an address of welcome to the new students. In the course of his remarks, the Doctor said that in his own freshman days there was no need to decorate the new student, as it was all too obvious that he was fresh; he therefore congratulated the freshmen of today on the fact that they had to be marked in order to be identified apart from the dignified Sophs.

Mr. Wm. Lane, in a humorous speech, welcomed the Freshmen and Freshettes on behalf of the Sophs, and Mr. C. Selby replied on behalf of the Fresh.

A vocal solo by Mr. G. Conquest (encored), a piano solo by Miss Shillington, and a violin duet by Messrs. T. Gilroy and J. Lopushinsky (encored), completed the program. Mr. A. Thorpe presided.

The students then gave themselves over to playing games, some of which were exceptionally original.

Refreshments were served at about 11 p.m., shortly after which the gathering broke up.

AGRICULTURE

All members of the Senior Animal Husbandry class are working at feverish heat in an attempt to land a place on the stock judging team which will represent the University at the Royal Show, Toronto, next month. Small groups of aspirants may be seen daily engaged in conversation of a strictly agricultural nature, and we have little doubt their slumbers are disturbed by visions of cattle, hogs, pulman cars and eastern cities. As the personnel of the team will not be announced until immediately prior to the date of leaving all candidates will be "up on their toes" for some time yet. May the best men win.

Len Thomson bears as evidence of an unfortunate rugby practice, a bandaged hand. It is hoped that this accident squares L. B. with the Dame of Misfortune for the season and that his future athletic activities will be unmarred.

Congrats. are in order to Mike Syrotuck,

INTELLIGENCE
DEPARTMENT

who returns for his Sophomore year as a benedict.

The Ag-Si rugby squad promises to be a formidable aggregation in the fight for inter-faculty honors. Several new men have been discovered, and with a few practices will be used to good advantage.

The first meeting of the Agricultural Club was held on Friday, October 10th. Considerable business was transacted, and plans for a profitable session were made. In the nominations to fill a vacancy on the executive, the names of Bob English and Ken Prior were advanced. The election will be held at the next meeting.

Our professors are requested to cancel assignments for the night of Thursday, October 23rd. On that evening the annual social function of the faculty will be held, taking the form of a banquet at the Macdonald Hotel and commencing at 7:00 p.m. sharp. The plans laid by the executive ensure the success of the evening. All Ags. are requested to get their tickets as soon as possible. Tickets may be obtained from Wes. Smith, Charlie Asplund, Lawrence Kindt or Ted Brunsten.

MEDICINE

That the Med Club was embarking on another successful year was made a certainty by the large turnout at the Med Club meeting held in Med 158, Friday last, at 8 p.m.

Med songs and yells were staged, and the enthusiasm with which the members participated was gratifying to the executive. The business of the club was put through in snappy style. Ted Lewis, president, announced that a Med Club room was out of the question at present owing to the lack of space. Nate Flater was appointed manager of the Pharmadent rugby team.

Mr. Michie reported to the club that it would be necessary to petition the University Senate in order to have the etail and diplomas modified for the graduating class of '25.

Cameron Bradford submitted to the club his progress on the "History of the Medical Club," and asked that all persons in a position to contribute something to this work would do so.

The announcement that Mr. Nix would be in charge of decorations for Med Night, and that Ernie Campbell would be responsible for the Med plays, met with the approval of all.

Dr. Revell received hearty applause on announcing that next year the Canadian Medical Council Examination would be held in Edmonton.

Dr. Connors gave a most interesting and educational lecture on the "History of Obstetrics," which was well taken by the club, Dr. Conn receiving a hearty ovation.

An informal half-hour was spent at the close of the meeting in welcoming new members.

COMMERCE

Financiers, attention!
We have here in the University of Alberta an organization, the Commerce Club, and through the co-operation of its members it has been possible in past years to carry on activities second to none in the University.

The program of activities of the club for this year is even more pretentious than last year, and all students taking Commerce should avail themselves of the opportunity afforded them to become acquainted with practical business men through the medium of the club.

We are most fortunate in having Mr. Race as our honorary president, for it was through his assistance that our club gained the recognition and prestige it enjoys.

Besides the bi-weekly luncheon there will this year be a series of trips to industrial plants throughout the city.

In the inter-faculty track meet Commerce athletes, though outnumbered, held their own. This is a good start, and we may look forward to a very successful year in the field of athletics.

Commerce students, don't wait till the secretary comes around for your fee. Join the club now, and let us make this year the biggest year for Commerce in the history of the U. of A.

SCIENCE

Wanted—A quartet for the Science banquet. Do not all apply at once. The Drawing 5 Avinary should be able to supply several sets of canaries.

The Agi-Sei Interfaculty Rugby team started their workouts on Monday. Several Science students have turned out and a few more could be used. Everybody who wishes to play turn out on Friday at 4:30, in front of Assiniboia Hall.

Where was the Science Interfaculty debating team last year? Let not this question be asked again. Although the inter-faculty debates do not start for some time yet, it is a good time to pass the hint around, so that Scientific Ciceros may be ready to enter the fray when the occasion arises.

"Manager" Houston is to be complimented on the very good showing of the Science team at the inter-faculty track meet.

DENT. EXTRACTIONS

The old members of '27 and '28 extend a hearty welcome to class '29 and all new men of class '28. In a small faculty such as ours it should be possible to have a personal acquaintance with everyone, but often there is not even a speaking acquaintance. How about a "Get Together Night" soon?

This year sees Dentistry with the smallest registration for many seasons. The first year has nine, the second answers to eight, while the third boasts seven. Twenty-four is a small faculty, but the few will be heard from often this term. "Bay" Powell put us off to a good start by winning the

440 and taking a third in the 220 on Sports Day. That incidentally gives him a place on the Varsity track team. How about the rest of the faculty showing their appreciation by turning out and supporting him on Saturday?

With the beginning of a new term we once again hear the old question, "When are the final years going to be put on here?" The prospects look very bright and the expectations are that Class '27 will be the first graduating class from Alberta in Dentistry. We have an excellent staff now, and anyone finishing here is assured of a good academic training.

As a new term stares us in the face, there are many old faces that do not stare us in the face. Milt Warren is enjoying the joys of initiation at Royal Dental College, Toronto. Among those looking on are "Nifty" Addinell, Thurston and Hutzaluk, who are taking their fourth year. Billy Calhoun jumped west, and is enjoying the balmy breezes of Portland, Ore. Carl Necker, the joke extractor of last year's Freshman class, and Arnold Leisner are taking their second year at Northwestern University, Chicago.

LAW

The Law Club once more has gotten under way with a capable executive at its head. By a curious trick of fate, all the members of the executive elected last spring are third year students. The first year students have elected as their representative Mr. James Cairns, so that the second year is totally without voice in deliberations. It is rumored that D. P. Skauson, who was elected treasurer last spring, will not return, leaving this position open. If it does not fall to a second year student, an amendment to the constitution will probably be proposed to obviate this situation in the future.

Male members of the Faculty of Law have shown renewed interest in the Law Library, due, it is said, to the welcome addition to the Queen's Bench. In the past we had our workers and drones, but rather a scarcity of queens.

Law is sending its share to the rugby grid this year as usual. Among those temporarily forsaking the parchment for the pigskin are Harrison, Lefsrud, Campbell, O'Brien, Primrose, Mahaffy, Cross and Mitchell.

The first year boys figure that Stan Ross has studied law somewhere before, because he seems to know all the judges by their first names. He is heard referring to them as Mr. M. R. Collins, Mr. C. J. Harvey, Mr. B. Bramwell, Mr. D. C. J. Taylor, etc.

ARTS

Last year the unorganized Arts Faculty pulled down a mere ten points in the inter-faculty meet. This year, however, the Arts athletes, under the leadership of Cal McRae, worked hard at all the try-outs, and corralled a total of 33½ points, thus winning the meet. Arts had no outstanding champion to rope in the points, as Osterland did for Science, Bright for Law, and Barker for Commerce. It was straight team play that won Arts the laurels that it has.

The next thing that Arts men will be piouship, and the indications are that Arts out for is the inter-faculty rugby championship. At the first call for a try-out more than thirty Arts men appeared and went through their paces at the direction of Coach Lehmann, who declares himself well satisfied with the material he has to work with.

The front line for the Arts team will average well over 170 lbs. in weight, and there is lots of speed to draw the rest of the team from. No positions have been assigned permanently yet, as Coach Lehmann is going to make every man work for his job, and has a wide selection to pick from. If they make good it is thought that Shirley Macdonald, weight 170 lbs., Pat Malcolmson 170, Dunn 180, Hewelcke 170, Hialop 165, Stuart 170, and Klingman 175, will be in the line. There are a number of good Freshmen to choose from this year, and several will make the team. Barnett and Dunn are both shaping well.

Arts, owing to its organization, is now taking a great place in all University activities. There has not yet been any drive for membership, and up to the present the executive of the club, which was elected last spring, has been carrying on without any calls on the Arts men and women. A campaign for membership has, however, been planned, and is expected to start in the near future.

PHARMACY

The Pharmacy Club held its first meeting of 1924-25 on Wednesday, October 8th. The first item in the meeting was the nomination of Professor Dunn for honorary president of the Club.

Mr. Claxton, who was elected president last year, has not returned to Varsity, so a new election was held, in which Mr. Meters was made the new president. Immediately after the election Mr. Meters took the chair.

After the reading of the minutes, the year representatives were elected, Mr. Shipley for second year and Mr. Graves for first.

Miss Auger was elected Gateway representative and Mr. Nixon for the Year Book representative.

Following this there was a short discussion of fees and class pins.

After deciding that the club should meet on the first Wednesday of every month at 4:30 p.m., the meeting adjourned.

The Pharmacy Club met on Wednesday, October 15, for a reception of the new Pharmacy Class.

After the reading of the minutes every member of both the old and new classes was formally introduced to the rest of the club.

Professor Dunn gave a very interesting and instructive talk on the "Profession of Pharmacy."

At the close of the meeting tea was served.

The executive and senior members hope that the new students will now feel sufficiently introduced to the club to engage enthusiastically in all its activities.

Another Pharmaceutical Fraud.—Unsolicited letter to the Edwardsburg Corn Syrup Company:

"Dear Sirs: Though I have taken six cans of your corn syrup, my feet are now no better than when I started."

SCIENCE FACULTY TO PUT
ON NEXT UNDERGRAD

At the first meeting of the Students' Council held on Friday, October 10th, in the Arts Building, it was decided to grant permission to the Faculty of Applied Science to put on this year's Undergraduate dance. An advance grant not to exceed \$75 was made to the Men's and Women's Athletic Associations for the promotion of the tennis tournament with the Saskatchewan representatives here today. A motion was also passed granting the privileges of graduates to students who have taken the most advanced work offered in this University in any undergraduate course and have afterwards graduated in that course at another university. The action of the president and treasurer in investing \$300 of last year's surplus in Province of Alberta bonds was also ratified.

ATHLETIC UNION
OFFICIALS MEET

(Continued from Page 1)
I.A.U. up till now, the reason not being very clearly defined.

There are obvious advantages in Alberta co-eds throwing in their lot with the Union. Centralization of control would enable balancing the number of teams sent "on the road" by each varsity for each year, while the social entertainment of the teams would be facilitated.

Important Executive Meeting
At the coming meeting of the W.C.I.A.U., to be held on this Friday or Saturday, Alberta will be represented by Eric Cormack, Cliff Osterland and "Slippy" Barclay, while Dr. MacEachern, who has taken much interest in the activities of the Union, will probably be Alberta's faculty representative. Russel Potter and Mr. Griffith, the latter the physical training director at the University of Saskatchewan, will represent Saskatchewan, while Cliff Brock, president in 1922-23, and now corresponding secretary, will uphold Manitoba. The British Columbia representatives are not definitely known.

Consideration of the costs of future track meets and deliberation of the entry of the University of British Columbia into the Union will be among the important business items considered. The entry of the latter institution involves some difficulties, such as the possibilities of financing a track meet held in British Columbia.

CUPS OF TEA
AND OTHER THINGS

Miss Alice Joyce has returned a bit belatedly to Varsity after having spent the summer in the Peace River district.

Mr. Gerald Shapter was up from Calgary for a week-end visit, and it seemed like old times when "Shappie" took his place in the orchestra for a while on Saturday night.

Mr. Clarence Manning was another visitor from Calgary during the past week.

An event of interest to many from Varsity was the delightful dance held by the Duke of York Chapter, I.O.D.E., in Memorial Hall last Friday evening.

Past Alberta Representatives
It is interesting to note that the following Alberta men have represented Alberta on former W.C.I.A.U. executives:
For 1919-20: A. P. McGilvary and C. R. Patterson.
For 1920-21: G. Langford.
For 1921-22: C. K. Muir and F. H. Ferguson.

ALTA. REPRESENTATIVES
AT THE TRACK MEET

(Continued from Page 1)
started his athletic career in local high schools. He took part in the 1922 provincial meet, where he established mile and half-mile records and was also a member of the Edmonton Dominion track team. Stan has been a member of the track team for the past four years, and is entered in the quarter, half, one and three-mile runs.

C. K. Johns first gained prominence in athletic circles while overseas, where he was a member of the Canadian Machine Gun Depot, in the Brigade sports, specializing in long distance and cross country runs. He finished the Herald road race in Calgary several years ago, and is entered in the mile and three mile events for next Saturday.

Baden Powell comes from Calgary, where he won the individual aggregate in the High School sports. He was in the last provincial meet, and came second in the hop step and jump. He took part in the Caledonian games in Calgary in 1922, where he won the 100-yard dash and the hop step and jump. He will represent Varsity in the 440-yard dash.

W. D. Cutsungovich comes from Vegreville. He is a fresh Soph in Arts and Medicine, and showed his speed by placing second in the 440-yard dash last Thursday. He will run the 440 for the green and gold at the inter-varsity meet.

W. Oke—A local boy, who has just lately realized his ability as a runner. At the inter-faculty meet on Thursday he won the half mile, and will represent Alberta in this event at the Saturday meet.

Bob Stoner comes from the fair city of Redcliff, and having been successful in other lines of sport, this year turned out with the track team, where his work at the hurdles has proved a revelation. He will take part in the 120 and 220 hurdles, and if running to form Bob should add several points to Alberta's total.

W. L. MacLean—"The Sheriff" has been busily engaged helping the

day evening. Dutch Lyons' orchestra assisted greatly in making the dance the success it was.

Dunc McNeil, Sam Savage and "Chief" Davis, having come to Edmonton with the 50th team from Calgary, were welcome visitors at Varsity on Saturday and Sunday.

The Saturday night dances have started with a bang this year! The first one being a reception to the Freshettes and Freshmen naturally brought out a record attendance. Almost no less was the attendance at the second one last Saturday. The orchestra fairly outdid themselves, and everyone reported a wonderful time.

Senior basketball and rugby teams gather championships in his two years here, and this year decided to help out the track team. Through ardent training he has reduced to running form, and will hurl the hammer and the shot for his Alma Mater. But who is this Alma Mater, asks Red.

Good News
for Students

Our New Price Policy enables us to sell the best Suit or Overcoat in the store at \$35.00. We have only three prices:

\$25, \$30, \$35

In Overcoats, Blue is the favored color. The correct models are the Guard and Commodore. See our New English Suits with baggy pants and double-breasted vest.
